REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Roxbury :

I herein submit my ninth annual report as superintendent of schools.

These days of business depression forcibly impress on us conditions that are difficult to meet. However, we can cope successfully with our environment if we adopt the slogan of economy, thrift and efficiency.

Let us remember that renewed interest should be focused at this time upon the need of efforts to encourage and assist the young people to remain in school.

Let us remember the splendid spirit put forth by the teachers of our entire country during this period when financial conditions have caused great hardships. Their attitude has been one of the bright spots in the depression.

Let us not forget that functions of our schools must revolve about the creative interests of the child. In the words of President Hoover, "We approach all problems of childhood with affection. Theirs is the province of joy and good humor. They are the most wholesome part of the human race, the sweetest, for they are fresher from the hands of God."

These beautiful words should give us courage and inspiration to carry on and prepare the growing generation in such a way that it may successfully cope with conditions that await it.

HEALTH ACTIVITIES

L. G. Hildreth, M. D., medical examiner, examined 14 pupils in the month of June 1931 with the following results:

Defective vision,	2
Defective teeth,	2
Diseased tonsils,	8

PROMOTIONS

The following numbers of promotions per grade to the next grade were made in June:

Grades,	I	II	III	IV	V	VI	VII	VIII
	1	2	1	1	3	1	2	

These promotions were made on the five point basis, viz.: regularity of attendance, term rank, standard tests, judgment of teacher and judgment of superintendent.

Stanford's Achievement Tests were given; one at midyear and one at end of year in June.

The results of tests showed a normal year's growth, the classes well graded and pupils in right grades.

Miss Irene Stevens has taught this school for three years. During this time, Miss Stevens maintained excellent discipline, showed marked efficiency in teaching and obtained good results in drill work.

At the beginning of the present year, Miss Stevens having accepted a position in the Keene schools, Miss Marion Russell, a graduate of Keene Normal School, was assigned to this school.

Miss Russell has gained the cooperation of parents and pupils, has the school well organized, and is maintaining that reputation for efficiency in teaching that gives promise for a successful year.

In conclusion, I wish to thank the school board, teacher, parents and citizens for their cooperation and support.

Respectfully submitted,
 FREDERICK T. JOHNSON,
 Superintendent of Schools.
